Dear Parents,

Pennsylvania school health law requires students in **kindergarten, third** and **seventh** grades to have a dental examination. Please schedule an appointment with your family dentists and return the completed form to me. The form can be mailed or faxed. If there are any questions and concerns please contact me. The exam can be completed 1 year prior to the first day of school or during the 2013-14 school year. Thank you for your cooperation.
