Come spend a leisurely afternoon or evening creating a stunningly colorful silk scarf. Learn this magically easy dye transfer method of printing on silk and leave with a finished piece of wearable art. Perfect for gift giving and a great way to reuse those old, spotted, or frayed silk neckties. There is a \$10.00 materials fee for all participants. This covers the cost of materials for two silk scarves. Silk can be purchased in class for additional projects. If you have any old all silk ties to donate to the class bring them along and incorporate them into your design. It's a great way to give new life to an old favorite tie.

No previous art training is necessary. We will begin class by looking at and discussing color interactions, pattern and composition. Most of your time will be spent choosing your color palette, cutting your shapes, and composing your overall design.
